

Practice table of 11 by solving the following questions

$11 \times 1 = 11$

$11 \times 6 = \underline{\quad}$

$11 \times 13 = \underline{\quad}$

$11 \times 19 = \underline{\quad}$

$11 \times 4 = \underline{\quad}$

$11 \times 2 = \underline{\quad}$

$11 \times 1 = \underline{\quad}$

$11 \times 1 = \underline{\quad}$

$11 \times 18 = \underline{\quad}$

$11 \times 15 = \underline{\quad}$

$11 \times 14 = \underline{\quad}$

$11 \times 12 = \underline{\quad}$

$11 \times 20 = \underline{\quad}$

$11 \times 16 = \underline{\quad}$

$11 \times 17 = \underline{\quad}$

$11 \times 20 = \underline{\quad}$
